Sep 11,12	local	Functional SAREX	Ouellette	Finish up partially completed SQTR's	
				Mountain flying clinic	
<u>Additonal considerations:</u>					
Alternative scheduling for maximum participation:					
1. Set up monthly "blanket" mission for individual squadron training in March through July. Wing approval required for individual sorties.					
2. Set up flying exercises to open on the Thursday before the scheduled weekend and run through the Tuesday after the following weekend					
Would encompass the back-up date when needed					
Possibility of joint GTE with WAWG					
Use of PANDERSYS web based training for mission base staff
